Due to changes in health insurance fees, patient self billing has become a much more cost effective way for you, the patient to get reimbursed for your care. Self billing allows us to keep our fees low so you can get the care you need without added costs. Therefore, our policy is that all payment is due at the time of service and bills will no longer be sent to your insurance provider. Statements will be provided for individuals to submit their own bills ensuring that as your insurance provider pays for your care, they will send the reimbursement check directly to you.

All charges are due when services are rendered..
Method of payment: () Cash () Check () Credit Card

Why Chiropractic? People go to the Chiropractor for a variety of reasons. Some go for symptomatic relief of pain or discomfort. (Relief Care) Others are interested in having the cause of the problem as well as the symptoms corrected and relieved. (Corrective Care) Dr. Rabo will weigh your needs and desires when recommending your treatment program.

RELIEF CARE
Relief Care is that care necessary to get rid of your symptoms or pain, but not the cause of it. It is the same as drying a floor from a leak that was getting wet, but not fixing the leak.

CORRECTIVE CARE
Corrective Care differs from relief care in that its goal is to get rid of the symptoms or pain while correcting the cause of the problem. Corrective care varies in length of time, but it is more lasting.

I authorize Rabo Chiropractic Center to render necessary services to me and I am responsible for all changes incurred.
